TPU 90A POWDER

Create flexible TPU parts with unmatched design freedom and ease. Balancing high elongation at break and superior tear strength, TPU 90A Powder enables you to produce flexible, skin-safe prototypes and end-use parts that withstand the demands of everyday use. This watch strap features a high level of detail, a functioning snap clasp, and a print-in-place free loop.

**Superior Tear Strength
and Elongation**

**Certified for Skin-Safe
Applications**

**Prints with 80% Recycled
Powder**
